I. Purpose

The purpose of this General Order is to provide written guidance for employees to assist persons entering the criminal justice system in understanding the procedures and requirements of the system thereby decreasing case attrition related to victim/witness problems, and ensuring the fair and compassionate treatment of all victims/witnesses of crime.

The Department is committed to the development, implementation, and continuation of appropriate victim/witness assistance activities.

protection order as defined in K.S.A. Supp. 21-5924, and amendments thereto, the officer shall provide the victim information restated to:

1. The Department may be requested to notify close relatives of seriously injured, ill, or deceased persons. The Department will attempt to personally notify relatives promptly with due consideration for the family's bereavement.
 - a. In cases where the request for notification originates within the City of Andover, an officer will talk in person with the requester to determine and verify the identity of the requester and the validity of the request.

If the request is from a law enforcement agency and verification by other means is possible, a teletype is not necessary. These safeguards are necessary to prevent the Department from becoming a party to a cruel hoax or misunderstanding.

Should the notification request be the result of a death or imminent death, the Department will contact a Department Chaplain who will, when available, accompany an officer to contact the next of kin. Should the notification request be the result of serious injury or illness or where the requester has experienced difficulty in locating the next of kin, an officer may attempt to locate the individual and relay the emergency message without the assistance of a Department Chaplain.
