I. Purpose

To establish a comprehensive plan that emphasizes the Andover Police Department’s commitment to unbiased, equitable treatment of all persons in enforcing federal, state and local laws and providing police services, and implement a style of policing that promotes positive interactions between police officers and all communities.

II. Policy

It is the policy of this agency to function in a proactive manner, to aggressively investigate suspicious persons and circumstances, and to actively enforce the motor vehicle laws, while only stopping or detaining persons when reasonable suspicion exists to believe they have committed, are committing or about to commit a violation of the law and to do so without interjecting personal biases into the law enforcement decision process.

Additionally, all members of the Andover Police Department will treat all persons having contact with this agency in a fair, equitable, and objective manner in accordance with law and without consideration of their race, ethnicity, national origin, gender, religion or other individual characteristics.

III. Definitions

A. Acts that constitute racial or other biased-based policing: Include, but are not limited to:

1. Using race, ethnicity, national origin, gender or religion as a general indicator or predictor of criminal activity.
2. Using the race, ethnicity, national origin, gender or religion of a person in the course of any law enforcement action unless the officer is seeking to detain, apprehend, or otherwise be on the lookout for a suspect sought in connection with a crime who has been identified or described in part by race, ethnicity, national origin, gender or religion.
3. Using the race, ethnicity, national origin, gender or religion of a person in the course of any reasonable action in connection with a status offense, such as runaways, child in need of care, missing persons, and other non-criminal care

taker functions unless the person is identified or described in part by race, ethnicity, national origin, gender or religion.

4. Using race, ethnicity, national origin, gender or religion shall not be motivating factors in making law enforcement decisions and/or actions, unless the person is identified or described in part by race, ethnicity, national origin, gender or religion.
 5. Using race, ethnicity, national origin, gender or religion as the bases for discretionary law enforcement (i.e. who they will cite, arrest, warn, search, release or which persons(s) to treat with respect and dignity).
- B. Crime:** An act or omission defined by law and classified as felonies, misdemeanors, traffic infractions, or cigarette or tobacco infractions as provided in KSA 21-5102.
- C. Enforcement Action:** Any law enforcement act during a non-consensual contact with an individual(s) in:
1. Determining the existence of probable cause to take into custody or to arrest an individual;
 2. Constituting a reasonable and articulable suspicion that an offense has been or is being committed so as to justify the detention of an individual or the investigatory stop of a vehicle; or
 3. Determining the existence of probable cause to conduct a search of an individual or a conveyance.
- D. Probable Cause:** Reasonable grounds to believe a person has committed or is committing a crime or that a place contains specific items connected with a crime, supported by specific and articulable facts, based on the officer's observations, knowledge, training and experience, including information from a reliable source.
- E. Racial or other Biased-Based Policing:** The unreasonable use of race, ethnicity, national origin, gender or religion by a law enforcement officer in deciding to initiate an enforcement action. It is not racial or other biased-based policing when race, ethnicity, national origin, gender or religion is used in combination with other identifying factors as part of a specific individual description to initiate an enforcement action.
- F. Reasonable Suspicion:** A particularized and objective basis, supported by specific and articulable facts, to suspect a person has committed, is committing or is about to commit a crime. Reasonable suspicion may be based on the officer's observations, knowledge and experience as well as reasonably trustworthy information known to the officer at the time an action is taken.
- G. Stop:** A seizure occurring when a law enforcement officer, by force or some show of authority, restrains a person's liberty.
